NO SPRING FEVER

The Prevailing Malady is Not Evident Among Peace Jubilee Workers.

NEW FEATURES OF THE CELEBRATION

A Singing Brigade and Night Procession of Bicyclers.

ACTIVE COMMITTEE WORK

The depressing influence usually exerted by genial spring upon the population, keeping it nervous over the wisdom of eschewing its winter underclothes for more diaphanous apparel and causing lethargy and a tendency to yawn, has not been shown to have any effect upon the hundreds of enterprising citizens who are pushing the peace jubilee along to certain success. Chairmen and members of the various committees, clerks at headquarters and the contractors engaged on the various features display alike activity and energy that are altogether unobtainable. Vice Chairman Thayer, Secretary Bulkeley, Chairman L. P. Wright and the other officials at headquarters were hard at work before the departments began business this morning, and all day the steady stream of callers having various matters to confer about kept them harder at it.

Gov. Tyler Coming.

A letter was received this morning from Governor Tyler of Virginia announcing his purpose to attend the jubilee with his staff and expressing hearty wishes for the success of the celebration.

Col. Henry May has called a meeting of the committee on floral parade at peace jubilee headquarters, to be held at 9 o'clock tomorrow morning. An attendance of all members is urgent, as many important matters will be presented for consideration.

The subcommittee of reviews on seating facilities at Convention Hall was announced today. It consists of R. W. Bulkeley, Chairman, L. Ellinger, Frank Bynum, Odell Whipple and James A. Emery.

The subcommittee of the same on decorations also announced its members: Clayton Sims, chairman; Howard Perry, vice chairman; C. K. Macey, secretary; C. K. Berryman, J. H. Barry, J. H. Joseph, H. Curran, C. S. Frost, T. A. Garner, W. A. Smith, L. P. Spinner and S. W. Stinemetz.

Ed. Hay Receives the Crown.

There were numerous meetings last night, all having some feature in the jubilee to consider. The gathering of members of the reviews committee was particularly large and enthusiastic and the youngest B. Hay presided at first, with George A. Darling secretary. The selection of J. Edward Browne of New Orleans Mardi Gras experience as chairman of the stage committee and of L. T. Ritchie Stone as vice chairman was announced. Chairman Hay explained the duties of the various subcommittees at length and then departed to his important engagement at the Victoria Hotel.

At a meeting of the fireworks committee, presided over by Vice Chairman Knap in the absence of Chairman Driver, whose illness was regretted, reports of progress were received, and it was announced that a hundred members of the District Regiment would assist in the spectacles at the Monument grounds.

A Singing Brigade.

An interesting additional feature was decided on at the meeting of the music committee, presided over by Chairman Frank T. Howe. This was to have a brigade of singers in line with the civic parade. It will consist of both ladies and gentlemen, who will sing patriotic airs from the Peace monument to the White House, and there give a handkerchief salute to President McKinley.

It was decided to limit the orchestra at the opening concert the night preceding the jubilee proper to sixty instruments, to be employed at uniform intervals, for which the committee will meet again Friday night.

The committee on advertising held a well-attended meeting, with Chairman E. A. Schering presiding. The contract for printing 20,000 half-sheet posters was awarded to Byron Adams.

Trades Unions to Participate.

Chairman H. W. Szegedy presided over a meeting of the subcommittee on trades and labor organizations which are to take part in the civic parade. Secretary J. L. Feeny read a letter that had been sent out by the trades union organizations. A portion of the letter was as follows:

"Has your union decided to participate in the national peace jubilee celebration? Will your union parade in a body or contribute a float to
